Resource Name or #: Pashgians/Frank Collins Co.

Continuation Update

P2. Location: 985-993 East Colorado Boulevard

B10. Significance:

The former Frank Collins Company Building does not appear to meet the criteria for listing in the National Register of Historic Places or for designation as a landmark of the City of Pasadena. However, as a representative example of period revival commercial architecture from the 1920s, the property does appear to be eligible for special consideration in the planning process. Additional information about this property is in the *City of Pasadena Ethnic History Research Project – 1995*.

Year of Construction: 1928
