☐ Continuation ☒ Update

**P2. Location:** 126-128 North Fair Oaks Avenue

**B10. Significance:**

This property was listed in the National Register of Historic Places on January 1, 1983 as a contributor to the Old Pasadena Historic District. However, the second story front façade window openings have been altered since listing, and, as a result, the property does not currently appear to contribute to the significance of the District. It does, however, maintain its original scale, brick construction and arrangement of storefront elements. The building should be considered in local planning and preservation of it encouraged, but not required.
