P2. Location: 230 South Lake Avenue

## B10. Significance:

Page 1 of 1

Although previously recorded in the state Historic Resources Inventory database as a 6Z1, indicating ineligibility for National Register listing or local designation, the former Abacus et al building appears to meet Criterion D for local landmark recognition. It is an unaltered example of the commercial use of the domesticated International Style, as practiced by local architect James Pulliam. Additionally the building contributes to a grouping of post World War II commercial buildings on South Lake Avenue.

Year of Construction: 1961

Architect: James G. Pulliam

Builder: Ted Tyler
